

PROTECT · GROW · EXPAND

David Rojas

INSTACART PROTECT

Turn customer data into measurable
commercial improvement

Protect revenue. Create growth. Expand customer value.

Why this dataset??

Real-world transactional behavior
Longitudinal customer history
Product and department hierarchy
Future behavior available for validation

206,209

customers

3.42M

orders

33.8M

order-product records

49,688

products

21

departments

131,209

TRAIN orders

What this program is designed to improve??

PROTECT

Protect existing revenue,
6,763 customers, showed
persistent behavioral
deterioration.

More retained value

GROW

Create incremental revenue,
+2.37 pp, holdout adoption
gap.

incremental revenue

EXPAND

Increase customer value,
Increase customer value,
future expansion gap.

better use of growth
resources

BUSINESS IMPACT

PART 1

Reduce avoidable revenue loss

6,763 customers showed persistent behavioral deterioration.

Focus retention resources on persistent change instead of normal fluctuation.

PART 2

Generate incremental revenue more efficiently

+2.37 pp holdout adoption gap for the strongest validated product relationship.

Prioritize cross-sell candidates with evidence instead of generic recommendations.

PART 3

Increase customer value with focused growth investment

+11.13 pp future expansion gap.

Concentrate category expansion activity on customers with validated expansion propensity.

WHAT THE DATA FOUND

OUTCOME WINDOW

23-30 outcome window

PERSISTENT SIGNAL

+1.91 days in the following
window

PRIORITY CUSTOMERS

6,763 customers

WHAT THE DATA FOUND

GROW
Create revenue
candidate for a controlled recommendation test.

0.463%

baseline

2.834%

exposed

+2.37 pp

order-product records

847

exposed customers

24

adopters

WHAT THE DATA FOUND

EXPAND
Create revenue

The data gave us a clear direction for where to focus.

4,758

target customers

64.84%

expanded

53.71%

non target

+11.13 pp

exposed customers

Priority
categories

Frozen, Pantry, Bakery, Deli.

IMPROVEMENT PROGRAM

Target the right customers.
Test focused actions.
Measure incremental value.

Program	Who	What we do
PROTECT	Customers with persistent deterioration	Targeted retention intervention
GROW	Eligible customers with validated A→B opportunity	Targeted product recommendation
EXPAND	20+ orders, ≤10 departments	Category-specific expansion experience

Three focused interventions. One measurement framework.

HOW WE MEASURE SUCCESS??

Success means measurable
incremental impact

BEHAVIORAL LIFT

Protect: Incremental retention.

Grow: Incremental target-product adoption

Expand: Incremental department adoption

COMMERCIAL IMPACT

Incremental revenue /
customer

EFFICIENCY

Contribution margin /
campaign dollar

Campaign cost /
incremental adopter

DECISION RULE
